

# LINECO®

## SAFETY DATA SHEET

### LINECO DOCUMENT CLEANING POWDER

#### SECTION 1 – IDENTIFICATION

**Company:** LINECO  
**Street Address:** 517 Main Street  
**City / State / Zip:** Holyoke, MA 01040  
**Phone:** 1-413-534-7204

**Product Name:** Document Cleaning Powder & Pads  
**Part Number(s):** 782-1001, 782-1004, 782-1004M

**Recommended use:** Removing dirt, spots and stains from paper and fabric.

**Restrictions on use:** Keep out of the reach of children. Do not open. Discard if torn. Use only as recommended.

#### SECTION 2 – HAZARD(S) IDENTIFICATION

This material is NOT considered hazardous per the US OSHA Hazard Communication Standard (29CFR1910.1200).

**Hazards Not Otherwise Classified:** Contains small pieces that may present a choking or aspiration hazard if removed from the article.

**General Advice:** Do not open. Discard if torn. Practice good general industrial hygiene.

#### SECTION 3 – COMPOSITION / INFORMATION ON INGREDIENTS

**Nature of product:** Article

There are no additional ingredients present which, to the best knowledge of the manufacturer, are classified and contribute to the classification of the substance and therefore require reporting.

#### SECTION 4 – FIRST-AID MEASURES

**General Advice** Provide this SDS to any medical personnel responding to a call for help.

**Eye contact** Protect unharmed eye. Rinse immediately with plenty of water, including under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation develops or persists, seek medical attention.

**Skin contact** No hazard expected from exposure.

**Inhalation** Remove patient to fresh air. If breathing is difficult, keep patient at rest, in a position comfortable for breathing. Blow nose to evacuate dust. If the patient is not breathing, administer artificial respiration. When administering rescue breathing, rescuer must take precautions against exposure. If the patient is not breathing, administer artificial respiration mechanically – do NOT use mouth-to-mouth resuscitation.

First aid is not normally required.

**Ingestion** Do NOT induce vomiting. Rinse mouth. Give a conscious patient water to drink. Never give anything by mouth to an unconscious patient. If the patient continues to feel unwell, seek medical attention.

**Most Important Symptoms, Acute & Delayed** Mechanical irritation of the eye.

**Indication of immediate medical attention or special treatment:** None especially noted.

**Note to Physician** Provide general supportive measures and treat symptomatically. Keep patient under observation; symptoms may be delayed.

# SAFETY DATA SHEET

## SECTION 5 – FIRE-FIGHTING MEASURES

<b>Suitable Extinguishing Media:</b>	Water, water mist, water fog, foam, carbon dioxide, dry chemical powder, sand. Use media appropriate for surrounding fire.
<b>Unsuitable Extinguishing Media:</b>	None known.
<b>Specific hazards:</b>	Combustion may result in hazardous combustion products including Carbon monoxide, and Carbon dioxide. Do not allow run-off from firefighting to enter drains or water courses.
<b>Special precautions for fire-fighters:</b>	Do not breathe fumes. Move containers from fire area if you can do so without risk. Use water to cool surrounding containers. Treat as an oil fire. Do not produce clouds of dust; use water mist to keep dust down. Wear SCBA if fighting fire close-in.

## SECTION 6 – ACCIDENTAL RELEASE MEASURES

<b>Personal precautions, protective equipment, &amp; emergency procedures:</b>	No special precautions are expected to be necessary.
<b>Methods and materials for containment and clean-up:</b>	Sweep up spilled material and dispose of it with municipal (non-hazardous) waste.
<b>General advice:</b>	Do not open Cleaning Cushion. Discard torn Cleaning Cushion to trash.

## SECTION 7 – HANDLING AND STORAGE

<b>Precautions for safe handling:</b>	No special precautions are known to be necessary.
<b>Conditions for safe storage:</b>	Keep out of the reach of children.
<b>Materials incompatible with product:</b>	None known.

## SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

Given the form of the product, the product is not expected to contribute to airborne concentration limits. Contains no substances with occupational exposure limit values.

<b>Engineering Controls:</b>	Maintain adequate ventilation (10 air changes / hour minimum). Use general ventilation, local exhaust, and other necessary engineering controls to control airborne levels below exposure limit. Avoid heat and sparks (from grinding or static discharge). Ensure eyewash stations and showers are available and in good working order.
------------------------------	--

**Individual protection measures:** Use good general industrial hygiene.

## SECTION 9 – PHYSICAL & CHEMICAL PROPERTIES

<b>Appearance:</b>	A cloth pad containing soil, spot & stain removing material	<b>Lower flammability (or explosive) limits:</b>	No data available
<b>Odor:</b>	None	<b>Upper flammability (or explosive) limits:</b>	No data available
<b>Odor threshold:</b>	No data available	<b>Vapor Pressure:</b>	No data available

# SAFETY DATA SHEET

<b>pH:</b>	No data available	<b>Vapor Density:</b>	No data available
<b>Melting / Freezing Point:</b>	No data available	<b>Relative Density:</b>	No data available
<b>Initial Boiling Point:</b>	No data available	<b>Solubility:</b>	No data available
<b>Boiling Range:</b>	No data available	<b>Partition Coefficient: n-Octane / Water</b>	No data available
<b>Flash Point:</b>	No data available	<b>Auto-ignition Temperature:</b>	No data available
<b>Evaporation Rate:</b>	No data available	<b>Decomposition Temperature:</b>	No data available
<b>Flammability (solid, gas):</b>	No data available	<b>Viscosity:</b>	No data available

**NOTE:** the physical data presented above are typical values and should not be construed as a specification.

## SECTION 10 – STABILITY & REACTIVITY

<b>Reactivity:</b>	Not reactive under typical conditions.
<b>Chemical stability:</b>	Stable under typical storage conditions.
<b>Possibility of hazardous reactions:</b>	The product is stable and non-reactive under typical conditions of storage, transport, and use.
<b>Conditions to avoid:</b>	Exceptionally high temperatures, ignition sources, poorly ventilated working or storage areas.
<b>Incompatible materials:</b>	None known
<b>Hazardous decomposition products:</b>	Will not decompose under typical conditions.

## SECTION 11 – TOXICOLOGICAL INFORMATION

<b>Likely routes of exposure:</b>	Skin contact and eye contact are the most likely routes of exposure. Exposure by ingestion is possible but unlikely. Given the nature of the product, exposure by inhalation or injection is unlikely.
<b>Symptoms and effects:</b>	Mechanical irritation of the eye..
<b>Chronic effects:</b>	None known
<b>Numerical measure of toxicity:</b>	This article and its contents are not classified as Acutely toxic.
<b>Carcinogenicity:</b>	Neither this product, nor those components present in concentrations of $\geq 0.1\%$ , appear on the NTP list, the IARC list, or the OSHA list of known or potential carcinogens.

## SECTION 12 – ECOLOGICAL INFORMATION

<b>Aquatic toxicity:</b>	No data available
<b>Terrestrial toxicity:</b>	No data available
<b>Persistence and degradability:</b>	No data available
<b>Bioaccumulative potential:</b>	No data available
<b>Mobility in soil:</b>	No data available
<b>Other adverse effects:</b>	No data available

## SECTION 13 – DISPOSAL CONSIDERATIONS

<b>Disposal method:</b>	Dispose of unused and/or contaminated material in accordance with local, state, and federal regulations.
<b>Container disposal method:</b>	Recycle boxboard.

# SAFETY DATA SHEET

## SECTION 14 – TRANSPORTATION INFORMATION

<b>US DOT Highway &amp; Rail:</b>	Classification is due to status as a Marine Pollutant. Not Regulated.
<b>Marine Pollutant:</b>	No data available
<b>IMO / IMDG Water Transport:</b>	Consult IMDG regulations.
<b>Transport in bulk according to Annex I or II of MARPOL 73/78 and the IBC / IGC Code:</b>	Consult IMO regulations before transporting in bulk by ocean transport.
<b>ICAO / IATA Air Transport:</b>	Consult IATA regulations.
<b>Transport within user's premises:</b>	Always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

## SECTION 15 – REGULATORY INFORMATION

### Chemical Inventory Compliance

This product complies with the national inventories of the following countries: US TSCA

### OSHA Hazard Communication Standard

(as regulated by US 29CFR1910.1200):

This material is NOT considered hazardous by the OSHA HazCom 2012 Standard (29CFR1910.1200).

### CERCLA

This product, as supplied, contains the following hazardous substances with a Comprehensive Environmental Response Compensation and Liability Act Reportable Quantity (CERCLA RQ) as regulated by US 40CFR302 (a release equal to or greater than the RQ requires reporting to the National Response Center (800-424-8802), the SERC, and the LEPC):

None.

### EPCRA Sections 301-303 & 304

This product, as supplied, contains the following Extremely Hazardous Substances (EHS) subject to a Threshold Planning Quantity (TPQ) and Reportable Quantity (RQ) as regulated by US 40CFR355 (a release equal to or greater than the RQ requires reporting to the SERC and LEPC):

None.

### EPCRA Section 311 & 312

(as regulated by US 40CFR370 for Tier II Reporting):

Refer to Sections 2 and 3 of this SDS for information.

### EPCRA Section 313

(as regulated by US 40CFR372 for TRI Reporting):

No components listed above de minimus threshold concentrations.

### US CWA

This product, as supplied, contains the following substances regulated as pollutants pursuant to the Clean Water Act as regulated by US 40CFR116 & 117:

No data available

### US CAA HAPs

This product, as supplied, contains the following substances regulated as Hazardous Air Pollutants under the Clean Air Act Section 112:

No data available

State RTK:

## SECTION 16 – OTHER INFORMATION

Revision Date: February 26, 2024

NFPA Rating: 

Health / Blue: 0	Flammability / Red: 0	Instability / Yellow: 0	Specific Hazard / White: <blank>
------------------	-----------------------	-------------------------	----------------------------------

**Disclaimer:** This Safety Data Sheet (SDS) was prepared to comply with the US OSHA Hazard Communication Standard (29 CFR 1910.1200; aka HazCom 2012). This SDS supersedes any previous SDS. The information and recommendations described in this SDS are provided in good faith and based upon data believed to be correct. However, the information provided in this SDS is provided without any warranty, express or implied, regarding its correctness or accuracy. The information provided applies only to the product as shipped. The information is offered for the end user's information, consideration, and further investigation. The information contained in this document is not to be construed as absolute or complete since additional information may be necessary or desirable when particular / exceptional conditions / circumstances exist; or, because of applicable laws or government regulations. Since the actual conditions for the use of the product are beyond the manufacturer's control, no guarantee (express or implied) is made as to the effects of such use or the results to be obtained. The sole responsibility to determine appropriate conditions for the use of this product and the assumption of liability for any loss, damage, or expense arising from the product's use rests with the end user. The end user is encouraged to read the SDS and understand any associated hazards associated with the product thoroughly before using. It is the end user's responsibility to ensure that use, handling, storage, and disposal of the product complies with all federal, state, provincial, and local laws.
